

MOUNT SINAI HOSPITAL TO OPEN PAVILION

Dedication Ceremonies Are
Set for April 9.

The new private pavilion, children's building and auditorium of Mount Sinai Hospital at Fifth Avenue and 160th Street will be opened to the public for the first time at dedication ceremonies April 9. The new structure houses the finest private general hospital in the United States, which raises

the plant investment of Mount Sinai to a total of \$3,000,000. Mount Sinai has more free beds than any other volunteer hospital in New York city. For several years past the hospital has had a continual waiting list of 300. In addition, there have been about 150 on the waiting list for private rooms. Mount Sinai spent nearly a million dollars for running expenses on its various departments last year. This includes its dispensary, the social service department, which handles about 5,000 cases a year, and all other regular hospital departments.

ORDER TO ABANDON BUS ROUTE REVERSED

Appellate Bench Overrules
Crosby Mandamus.

The action of Justice Crosby of the Brooklyn Supreme Court in granting a mandamus compelling Mayor Hylan to abandon a motor bus route through Belle Harbor, Neponsit and Far Rockaway yesterday was reversed by the

Appellate Division of the Supreme Court. The order was obtained by John C. Judge of Belle Harbor, who declared that operation of the buses constituted a needless nuisance. In reversing Justice Crosby the high court in a memorandum stated that while the bus line no doubt was operated in violation of the transportation law and was a public nuisance the court, in the exercise of its discretion, should have denied the motion of Mr. Judge. The power of the Supreme Court to issue a mandamus in the case, however, was recognized.
